Open Door Open Day

We hope all of our Primary families can come along tomorrow and find out what really happens in their child's class.

Starting at 12:30 in the auditorium families will be greeted by Mr. Jake and

myself as we briefly outline some of the great plans we have for Primary this year. Parents will then be free to move around the school shadowing their children as they go about their daily routine.

At 2:30 Primary teachers will be available to meet and answer questions in an informal setting. Specialist teachers will be available for a meet and greet a little later in the afternoon.

Mr. Craig

Health v Attendance

To learn effectively students need to feel healthy and well. If students are not well they should be at home resting and receiving any medical treatment that is deemed necessary. Whilst school attendance is important the health and wellbeing of our students is more important.

Where students have missed school due to ill health special consideration will always be given in relation to attendance.

Please do not feel pressured into sending your child back to school until they are fully recovered.

Eid Card Sale Wednesday, Septem-

There will be an Eid card sale organised by the Primary Bangla teachers on Wednesday, September 16 from 12:30 until 3:30pm in front of the ISD Reception area. Students from Nursery through grade 5 will be creating Eid cards that will be for sale during this event. The sale will include other activities and items such as henna painting, dress sales, bangles and jewellery, and take-away Iftar boxes. All proceeds from the Eid card sale will go to the ISD support staff. Please come and join us for this special sale and help make Eid happy for everyone. Please send your child to school with 200 taka so they can join in the sale! Please see the Primary Bangla teachers if there are any queries.

How to Avoid Swine Flu—Tips

Cover your nose and mouth with a tissue when you cough or sneeze. Dispose of used tissues quickly and sensibly.

Catch It, Bin It, Kill It!

Wash your hands often with soap and water, especially after you cough or sneeze. Alcohol-based hand cleaners are also effective.

Avoid touching your eyes, nose or mouth. Germs spread this way

Grade 3 this week

Grade 3 have been estimating and measuring length this week. First we used body parts but we soon realized our bodies are all different sizes. We have been measuring in standard measures of cm and m using metre sticks, rulers, tape measures and the trundle wheel.

Living the Learner Profile

Inquirers, Knowledgeable, Thinkers, Communicators, Principled, Open-minded, Caring, Risk-takers, Balanced, Reflective. Living the learner profile is something we do every day at International School Dhaka.

As you come to the Open afternoon this Thursday, please do take a look around the displays that decorate your child's classroom. Each room will have illustrated the IB learner profile because it is the cornerstone of our learning. We want your children to

not only learn reading and writing, but to become balanced, caring, and principled people.

The learner profile is designed to be common language around the school, and expect all students, no matter how young or old, to be living the learner profile. To live the learner profile, students need to not only understand the learner profile, but also practice the learner profile. As an IB community, we also expect our teachers and parents to model

and live the learner profile as well.

Please do take the time to find the learner profile around the Primary School, and see if you can find children living the learner profile. More importantly, talk with your child about the learner profile and how it can be lived each and every day!

*By: Jake Dibbert,
PYP Coordinator*

We've only been back two weeks and I've already learnt...

...about being kind and how to learn things.

Mehrab, Grade 2S

...some maths, about units and doing our responsibilities

Arnaaz, Grade 1R

...how to place a value in Maths and about the Rosetta Stone.

Irtezaul, Grade 4W...about

...decimals, how to be responsible and about conflict, what it means and how to solve it

Nabihah, Grade 5S

Dates to remember:

- **Sept 13:**
Late start morning - staff planning
- **Sept 15 @ 8am:**
Parents New to the PYP Workshop
- **Sept 16;**
Eid Card Sale
- **Sept 20-24:**
School closed for Half Term break
- **Oct 19:**
Late start morning - staff planning
